

3rd International Conference on Internet of Things and Connected Technologies (ICIoTCT), 2018

Malaviya National Institute of Technology (MNIT), Jaipur

March 26-27, 2018

ALL ACCEPTED papers will be included in **ELSEVIER-SSRN Digital Library**.

Paper Submission Deadline: December 25, 2017

Paper submission Link: <https://easychair.org/conferences/?conf=iciotct2018>

Conference Website: <http://iciotct2018.iaasse.org/>

Call for Papers

Special Session: **Emerging Trends in Data Analytics and Optimization Techniques (ETDAOT)**

Session Chair: Dr. Mrinal Pandey
E-mail: mrinalpandey14@gmail.com,
Mobile: 9899357252,

Convener: Mr. Rohit Tanwar
rohit.tanwar.cse@gmail.com
Mobile: 9992257914

The **ICIoTCT 2018** conference is a platform to discuss advances in Internet of Things (IoT) and connected technologies (various protocol, standards etc.). The recent adoption of a variety of enabling Wireless communication technologies such as RFID tags, BLE, ZigBee, etc. and embedded sensor and actuator nodes, and various protocols such as CoAP, MQTT, DNS etc. have made IoT to step out of its infancy. Now smart sensors can collaborate directly with machine without human involvement to automate decision making or to control a task. Smart technologies including green electronics, green radios, fuzzy neural approaches and intelligent signal processing techniques play important roles for the developments of the wearable healthcare systems. This conference aims at providing a forum to discuss the recent advances on enabling technologies and applications for IoT.

On the eve of the occasion of **ICIOTCT-2018** a special session on “**Emerging Trends in Data Analytics and Nature Based Optimization Techniques (ETDANBO)**” will be conducted by **Dr. Mrinal Pandey** as session chair. Original contributions are solicited for the special session **Emerging Trends in Data Analytics and Nature Based Optimization Techniques (ETDANBO)** to be held at **ICIOTCT-2018**.

This special session on the Emerging trends in Data Analytics where machine learning is employed to achieve the intelligent computing and support the intelligent decision making capabilities in various domains of the data mining applications as well as applications of various nature inspired optimization techniques.

The area covered under this topic are (but not limited to):

- a.) Big Data

- b.) Sentimental Analysis/Opinion Mining
- c.) Data Mining
- d.) Educational Data Mining
- e.) Health Care Analytics
- f.) Predictive Analytics
- g.) Decision Support System
- h.) Machine Learning
- i.) Smart Cities and Internet of Things (IoT)
- j.) Big Data Analytics in IoT
- k.) Optimization Techniques

Paper Submission

Authors wishing to submit their papers must refer to the website, for paper structuring and formatting guidelines in detail, at <http://iciotct2018.iaasse.org/international-conference-on-internet-of-things-and-connected-technologies-iciotct-2018-submission-publication>.

Only electronic submissions will be considered. Papers submitted by e-mail will not be considered.

Publication

The conference aims at carrying out double blind review process. The papers submitted by the authors will be assessed on the basis of their technical suitability, scope of work, plagiarism, novelty, clarity, completeness, relevance, significance and research contribution.

ALL ACCEPTED papers will be included in **ELSEVIER Digital library**.

Deadlines to Remember

Submission	December 25, 2017	Acceptance	February 05, 2018
Camera Ready Submission	February 15, 2018	Registration (for inclusion of Paper in Proceedings)	February 15, 2018

For any other query please visit our conference website <http://iciotct2018.iaasse.org/home> or write us back at iciotct@iaasse.org
