The **ICIoTCT 2018** conference is a platform to discuss advances in Internet of Things (IoT) and connected technologies (various protocol, standards etc.). The recent adoption of a variety of enabling Wireless communication technologies such as RFID tags, BLE, ZigBee, etc. and embedded sensor and actuator nodes, and various protocols such as CoAP, MQTT, DNS etc. have made IoT to step out of its infancy. Now smart sensors can collaborate directly with machine without human involvement to automate decision making or to control a task. Smart technologies including green electronics, green radios, fuzzy neural approaches and intelligent signal processing techniques play important roles for the developments of the wearable healthcare systems. This conference aims at providing a forum to discuss the recent advances on enabling technologies and applications for IoT.

On the eve of the occasion of **ICIOTCT-2018** a special session on **“LATEST TRENDS AND CHALLENGES IN INFORMATION TECHNOLOGY”**

will be conducted by **Dr. Madhulika Bhatia** as session chair. Original contributions are solicited for the special session **“LATEST TRENDS AND CHALLENGES IN INFORMATION TECHNOLOGY”** to be held at **ICIOTCT-2018**.

This special session on **LATEST TRENDS AND CHALLENGES IN INFORMATION TECHNOLOGY**

This special session aim to provide know how and exposure towards latest research and practices in the fields of Computer science and Information Technology, Security, software engineering, software machine learning, Big data etc and challenges associated with them. The main aim of the session is to expose and conceptualize with understanding of latest trends and challenges in Information Technology. It will also discuss the research topics related to computer science.

Areas of Coverage

- Machine learning
- Soft computing
- Big Data
- Software engineering
- Cloud Computing
- Image Processing
- Deep Learning
- Data Mining and Opinion mining
- Information Retrieval
- Internet of Things
- Green Computing
- Natural language processing
- Data Communication and networking
- Operating system
- Parallel and distributed computing

Paper Submission

Authors wishing to submit their papers must refer to the website, for paper structuring and formatting guidelines in detail, at <http://iciotct2018.iaasse.org/international-conference-on-internet-of-things-and-connected-technologies-iciotct-2018-submission-publication>.

Only electronic submissions will be considered. Papers submitted by e-mail will not be considered.

Publication

The conference aims at carrying out double blind review process. The papers submitted by the authors will be assessed on the basis of their technical suitability, scope of work, plagiarism, novelty, clarity, completeness, relevance, significance and research contribution.

ALL ACCEPTED papers will be included in **ELSEVIER Digital library**.

Deadlines to Remember

Submission	December 25, 2017	Acceptance	February 05, 2018
