Dear Editor/Publisher,

International Journal of Chemical and Pharmaceutical Analysis (ISSN: 2348-0726)

We are pleased to announce that your journal was positively evaluated in the SJIF Journal Rank List evaluation process, which resulted in a score given **SJIF 2015 = 5.949** (Scientific Journal Impact Factor Value for 2015).

More and more commonly used rating is the criteria of citation which has also a great impact on gaining the Impact Factor rating. Building citation rating is a long-lasting process which required strict strategy which is consistently inculcated. In that case we would like to invite you to refer back to our [Characteristics evaluated criteria](#).

Our methodology is prepared by SJIF Experts and contains strict recommendations and initiatives which can be taken to improve the Journal. The recommendations will help to gain better scores in different kind of evaluations and especially in gaining better citation results. They will also help the Journal in presenting itself at the international scientific market.

Thank you for requesting SJIF Value for your Journal.
