Peer Review Policy of Samwaad e Journal

Peer review policy of Samwaad e journal is blind peer review that is being done by minimum two members of the editorial/reviewer board members. Articles in this journal undergo a blind peer review method after screening and involving international refereeing, the process ensures that research publication meet the quality standards. The review criteria includes the originality and innovation of the work, contribution to the society, quality of presentation, language, research methodology, the reference to prior work, and the value of results. The result of the review process is categorized in three category as; acceptance of work, acceptance with revision, or rejection. Review process takes three month time and no communication regarding article shall be considered during the process. Authors will be informed of the outcome of the review process. Only articles accepted by the editorial board will be published.

Samwaad follows the peer review as listed below:

- All research articles will be reviewed by minimum two suitably qualified subject experts.
- All publication decisions will be made by the journals' Editors and Reviewers on the basis of the reviews provided in the feedback.
- Manuscripts that have successfully gone through the screening stage will then sent out for review electronically, and all correspondence will takes place via e-mail.
- High-quality peer-review standards shall applied to all manuscripts submitted to the journal and the identity of reviewer will remain undisclosed.
- Peer reviewers / editors will be asked opine on a number of issues like; originality, quality of empirical work and argument, quality of research methodology or/and argumentation and quality of written language.
- All information related to change and modification in paper will be communicated to the corresponding author.
- Final decision will be of Editorial board and could not be challenged.
